CONTINUE

Create a Web form (HTML5 + CSS3 + images) that looks and behaves like the screenshots below:

Input

You are given the above screenshots and all required images.

Output

The output should be valid HTML5 + CSS3 + images that implement the above Web form.

Constraints

- Font: **Open Sans** <https://fonts.googleapis.com/css?family=Open+Sans:400,900>
- Use **Font Awesome** for the icons:
 - fa-user
 - fa-globe
 - fa-address-card-o
 - fa-credit-card
 - fa-lock
- All fields are text.
- Form validation is not required.
- The site should open correctly in latest version of Chrome.
- Responsive design is not required.
- Pixel-perfect implementation is not required.
